Who is responsible for the players' Medical Release Forms?

It is the coach's responsibility to be in possession of the Medical Release Forms at all practices and games. Referees are not required, nor recommended, to ask coaches to prove that they have players' Medical Release Forms in their possession at games. Referees should not require coaches to produce the forms at matches as this would, in effect, put the referee in the position of assuming a responsibility that properly belongs with the coach.
